Title: Session is locked

Role Tested: Staff Admin

Steps to Reproduce: Login-> course-> session-> marked as present

Expected Result: Session should be unlock

Actual Result: Session is locked

Screenshot:

The screenshot shows a web application titled "Session Tracking" with a sub-header "Archie C - Mobile App Development". It includes navigation buttons: "Add Course", "Mark as Present", "Template", and "Status City". Below the header are four summary boxes: "Total" (1), "Present" (1), "Absent" (0), and "Pending" (0). A table below shows session details with columns: ID, NAME, MONTH, SESSION NAME, IS DELETED, ACTION, STATUS, IS MARKED, SCORE, and ACTIONS. The table contains one row for session ID 1, named "Archie", in the month of "T", with session name "English", marked as "Present" on "Mar 5, 2025". The interface also shows "Showing 1 to 1 of 1 entries" and pagination controls.

ID	NAME	MONTH	SESSION NAME	IS DELETED	ACTION	STATUS	IS MARKED	SCORE	ACTIONS

Expected Result: User should be able to edit the task and perform task actions such as delete, close, or update the existing task.

Actual Result: User is unable to delete the existing task. The system only allows the task to be closed, and the delete option is not available or does not work.

Screenshot/Video:

The screenshot displays the MetroBlue Task Management dashboard. At the top, there's a blue header with the MetroBlue logo and a 'Staff' dropdown. Below the header, the 'Task Management' section includes a subtitle 'Manage and track tasks across projects, procurements, and training' and a '+ Add Task' button. The dashboard features eight summary cards: 'Total Tasks' (5), 'To Do' (0), 'In Progress' (2), 'Completed' (2), 'Under Review' (0), 'Closed' (1), 'Overdue' (0), and 'Pending High & Urgent' (1). Below these cards, there's a search bar and filters for 'Show 10 entries', 'All Status', 'All Priority', and 'All Types'. A table lists tasks with columns: S/N, TITLE, TYPE, STATUS, PRIORITY, ASSIGNED TO, START, DUE, CREATED BY, and ACTIONS. The first task is 'Test' (Internal, In Progress, Low priority, assigned to 'TI', started 2009-03-08, due 2026-03-08, created by 'Staff Operations'). The ACTIONS column for this task shows 'In Progress', a dropdown arrow, and icons for edit and delete.

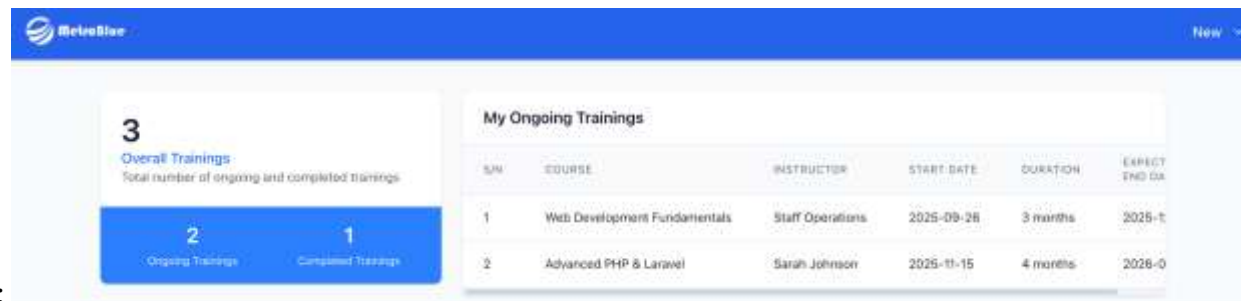

S/N	TITLE	TYPE	STATUS	PRIORITY	ASSIGNED TO	START	DUE	CREATED BY	ACTIONS

Bug Report

MetroBlue Web Application — Functional QA Testing | Date: 06/03/2026

Title	Add Payment form fails silently — "Failed to add payment" toast appears but no record is created
Role Tested	Admin — admin01@metroblue.com.ng
Steps to Reproduce	1. Log in as Admin2. Navigate to the Payments module. Click Add Payment. Fill in all fields: Client: Digital Dynamics, Amount: 10000, Payment Type: Maintenance, Category: Cash, Purpose: No purpose given for this payment, Date: 03/06/20265. Click the Add Payment button
Expected Result	Payment record is created successfully and appears in the payments list.
Actual Result	The modal stays open with no inline error message. Only after manually closing the modal is a brief "Failed to add payment" toast visible in the bottom corner. No payment record is created.

Screenshot/Video

Add Payment

Client *
Digital Dynamics

Amount (NT\$) *
10000

Payment Type *
Maintenance

Category
cash

Purpose *
No purpose given for this payment.

Date *
03/06/2025

Cancel Add Payment

Severity

Blocker — core payment creation functionality is completely non-functional

Browser/Device

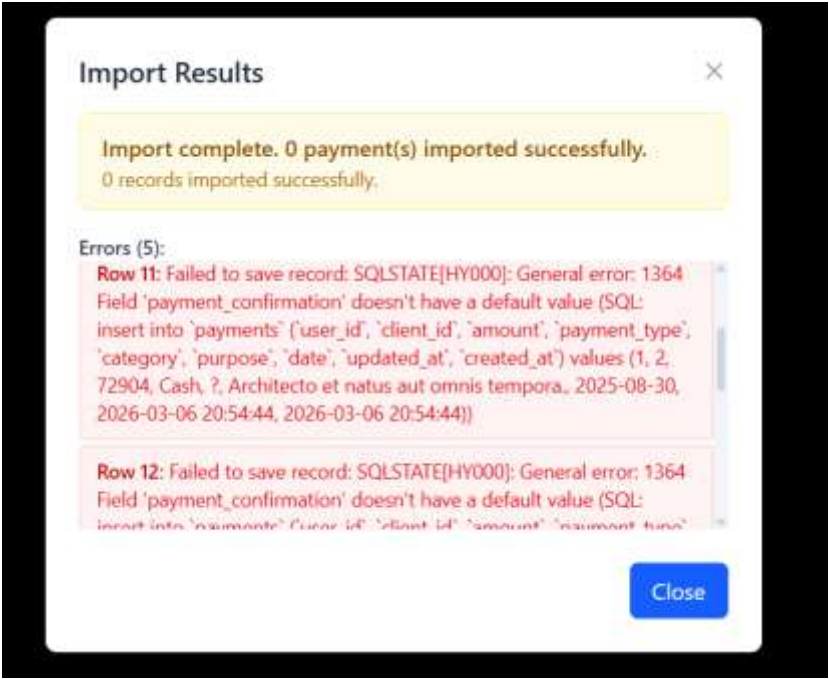

Chrome (latest) + Firefox (latest), Windows

Bug #1 — Add Payment form fails silently — record not created

Bug #2 — CSV Import fails — valid template data not imported

Title	CSV Import fails — valid payment data filled in the template fails to import
Role Tested	Admin — admin01@metroblue.com.ng
Steps to Reproduce	1. Log in as Admin. Navigate to the Payments module. Click Template to download the CSV template. Fill in 3–5 rows of valid payment data following the template format. Click Import CSV and upload the filled file
Expected Result	All filled records appear correctly in the payments list after import.
Actual Result	Import failed. An "Import Results" dialog appeared, indicating the import was unsuccessful. No records were added to the payments list.

Screenshot/Video

Severity

Major — CSV import workflow is broken, preventing bulk data entry

Browser/Device

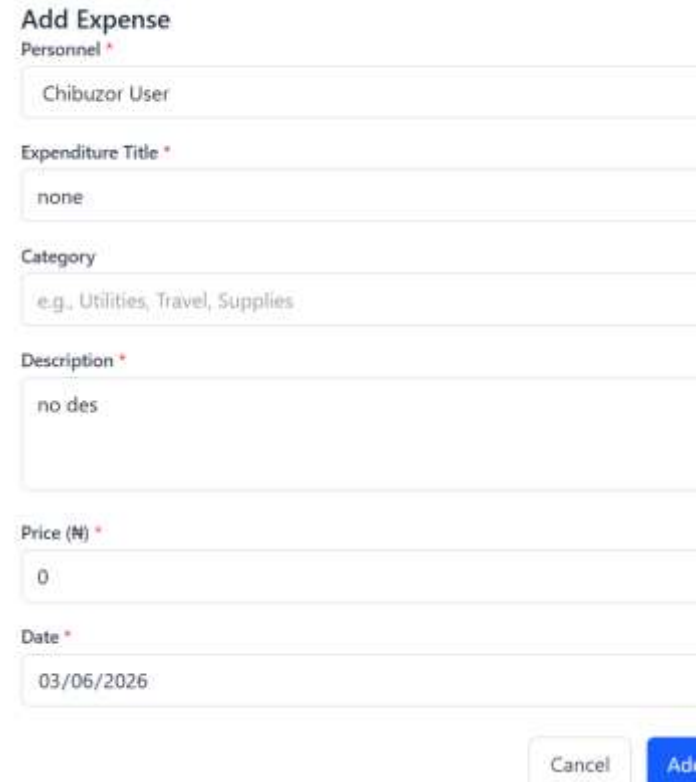

Chrome (latest), Windows

Bug #3 — Expense form accepts zero (₦0) as a valid price

Title	Expense form accepts ₦0 as a valid price — no validation error shown
-------	--

Role Tested	Admin — admin01@metroblue.com.ng
Steps to Reproduce	1. Log in as Admin. Navigate to the Expenses module3. Click Create Expense. Fill in all fields, but enter 0 as the price. Submit the form
Expected Result	Form rejects the submission and displays a validation error stating that the price must be greater than zero.
Actual Result	Form accepted the value of 0 without any error. The expense record was created with a zero price.

Screenshot/Video

The screenshot shows a web form titled "Add Expense". It contains the following fields and values:

- Personnel ***: Chibuzor User
- Expenditure Title ***: none
- Category**: e.g., Utilities, Travel, Supplies
- Description ***: no des
- Price (N) ***: 0
- Date ***: 03/06/2026

At the bottom right of the form, there are two buttons: "Cancel" and "Add".

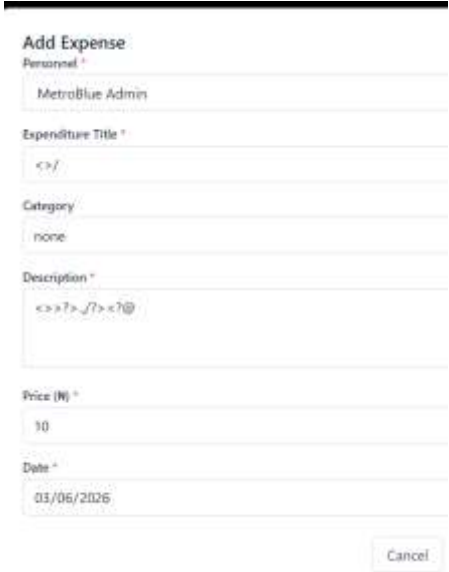

Severity

Major — allows creation of invalid expense records with zero value

Browser/Device

Chrome (latest), Windows

Bug #4 — Expense form accepts special characters without validation

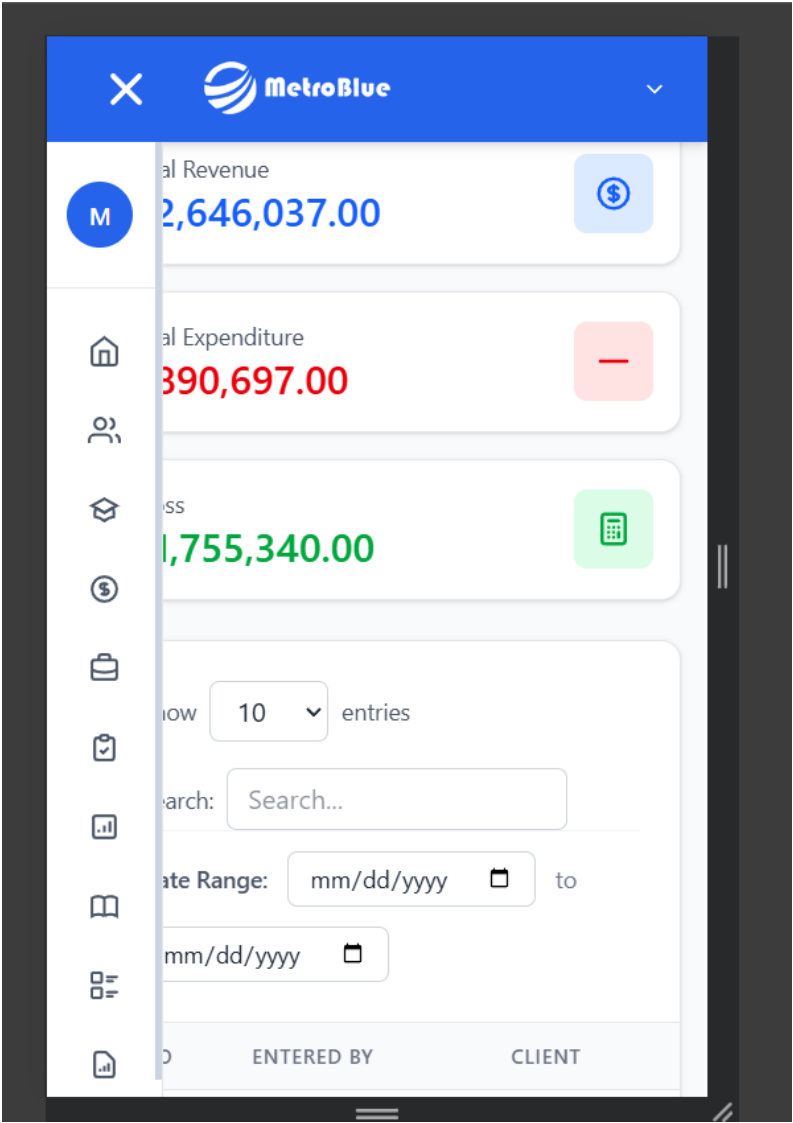

Title	Expense form accepts special characters (< > & " ' \) in text fields without sanitization or error
Role Tested	Admin — admin01@metroblue.com.ng
Steps to Reproduce	1. Log in as Admin. Navigate to the Expenses module3. Click Create Expense4. Enter < > & " ' \ in both the Item Title and Description fields. Submit the form
Expected Result	Form either sanitizes the special characters safely or rejects the input with a validation error.
Actual Result	Characters were handled incorrectly, and the form was accepted. Special characters were submitted without sanitization or any error message, which could pose a security risk.
Screenshot/Video	 The screenshot shows a web form titled "Add Expense". It contains several input fields: "Personnel *" with the value "MetroBlue Admin", "Expenditure Title *" with the value "<>/", "Category" with the value "none", "Description *" with the value "<>>?>√?><?@", "Price (N) *" with the value "10", and "Date *" with the value "03/06/2026". A "Cancel" button is located at the bottom right of the form.

Severity	Major — potential XSS/injection vulnerability; special characters accepted without sanitization
Browser/Device	Chrome (latest), Windows

Bug #5 — Mobile layout broken — page cannot scroll horizontally

Title	Mobile responsiveness broken — layout not adjusted at small screen sizes and horizontal scrolling is disabled
Role Tested	Admin — admin01@metroblue.com.ng
Steps to Reproduce	1. Open the app in Chrome. Open DevTools (F12). Click the device toolbar icon (Ctrl+Shift+M). Resize the browser to a mobile width. Attempt to scroll and navigate the page
Expected Result	Layout adjusts correctly to mobile screen size. Sidebar collapses, content reflows, and horizontal scrolling works where needed.
Actual Result	Layout did not adjust correctly at the mobile breakpoint. Content overflowed the screen and the page could not be scrolled along the horizontal axis, making parts of the UI inaccessible.

Screenshot/Video

Severity

Major — the app is not usable on mobile devices or small screen sizes

Browser/Device	
	Chrome DevTools device emulation, Windows
